JOHN HAM, PIONEER RESIDENT, DEAD

HAD LIVED IN NODAWAY COUNTY SIXTY-FOUR YEARS.

AN EARLY DAY MERCHANT

Established First Store in East Side of County—Served as Sheriff and Postmaster.

John Ham, a resident of Nodaway county for sixty-four years, died at 12:15 o'clock this morning at his home, 311 South Market street. Mr. Ham had been in failing health for several years and had not been able to leave his home for many months. He celebrated his ninety-second birthday on February 14.

Mr. Ham was one of the earliest settlers of Jackson township, coming to Nodaway county in 1856 and settling on a farm near Sweet Home. He was a native of New Hampshire and was born Feb. 14, 1828. Mr. Ham opened a store and trading post for general merchandise at Sweet Home, which was the first one established in the east side of the county. At the same time Mr. Ham took up a large tract of land and carried on farming operations. A part of this land still remains in the family possession and is owned by a son, Fred Ham, who occupies the place at present.

Mr. Ham lived there until 1868 when he was elected sheriff and collector of Nodaway county and moved into Maryville. He held this office until 1873. Later he served in various political offices of the county and was postmaster for the term beginning 1882.

Politically, Mr. Ham has always been a radical Republican, and from his earliest days in Nodaway took an active part in all county administration. He voted for John C. Fremont, who was the first candidate for president of the newly organized Republican party in 1856, and was one of the few of the minority at that time whose banner hung on the outer wall.

Mr. Ham was married May 9, 1853, to Miss Justina Peel, a native of Summit County, Ohio, and had not death prevented they would have passed their sixty-seventh wedding anniversary this coming May. Besides his wife, the children surviving are Joseph Ham of Benkelman, Neb.; Dr. Emmett Ham of Beattie, Kan.; Mrs. R. L. Graves of Kirk, Colo.; Mrs. W. H. Miller of Kansas City; Herman Ham of Council Bluffs, Iowa; Mrs. J. W. Teel and Mrs. Elmer Fraser of this city. Two sons, Frank and John N., died a number of years ago.

The funeral services will be held at the family home, 311 South Market street, at 2:30 o'clock, Saturday afternoon, conducted by Dr. C. S. Cox of the First Methodist Church. The burial will be in Miriam cemetery.

The children living at a distance are expected in Maryville to attend the funeral services.

NO PERDITION FOR BOYS WHO GO FISHING ON SUNDAY

Sure Way of Making an Atheist Is to Make a Boy Sit Still on Sunday.

"I fail to see where we get this idea that the man or boy who goes fishing on Sunday is going straight to perdition," said the Rev. Arthur Dillinger, pastor of the First Christian Church in Salina, last Sunday, according to a review in the Journal. "It doesn't say so in the Bible, and for my part I think there is not so much harm in sitting along the banks of some quiet stream fishing, as there is in rushing over the country roads at a furious rate of speed, burning money in gasoline." It was a "Father and Son" sermon the speaker was delivering. Another of his convictions is that: "If you want to make an atheist of your boy or girl, make that boy or girl sit still on Sunday. It's the quickest way I know of to send them where you don't want them to go."—From Kansas Notes in K. C. Star.

Mr. Dillinger is a son-in-law of Wm. Armstrong of this city.

ARE ORGANIZING FOR JUDGE MAYER

THE DEMOCRATS OF ST. JOSEPH TO FORM A CLUB TONIGHT.

HIS ANNOUNCEMENT SOON

Clubs Are Also Expected to Be Formed in Nodaway County for Judge Mayer for Governor.

The friends of Judge Charles H. Mayer of St. Joseph are to organize a Mayer for Governor Club in that city this evening with a view of boosting Judge Mayer for the Democratic nomination for governor. It is also expected that clubs for Judge Mayer will be organized in several towns of Nodaway county soon after his announcement. The following is taken from last night's St. Joseph News-Press:

There will be a meeting of Democrats in Judge Allen's court room, at the court house, at 8 o'clock tonight, to form a Mayer for Governor Club, with a view to boosting Judge Charles H. Mayer for the Democratic nomination for governor. The meeting is called at the suggestion of Col. J. H. McCord and other friends of Judge Mayer.

"This will be the first time since 1872 that northwest Missouri has had a candidate for governor," said Judge T. B. Allen today. "Silas Woodson was elected that year. Judge Mayer is recognized all over the state as a logical candidate, and as a leader of his party."

Although Judge Mayer has not yet formally announced his candidacy, it is generally believed among party leaders that he will be a candidate, and that he will announce within the next several days.

Judge Mayer has held the office of state senator from this county, and of judge of the circuit court, resigning large years ago to engage in practice. He will be the fourth Democrat to announce for the office, the others being Frank H. Farris of Rolla, Lieut.-Gov. Wallace Crossley of Warrensburg, and George H. Moore of St. Louis. Farris thus far is the only candidate who has filed his declaration with the secretary of state.

Judge Mayer has been closely connected with the activities of the Democratic state committee, and has always taken a leading part in Democratic councils in St. Joseph and northwest Missouri. He was especially in the limelight at the time of the Democratic state convention in St. Joseph in 1916, when he led the fight against the indorsement of Elliott W. Major for the vice-presidential nomination. Major at that time was governor of Missouri.

STRONG WINDS BRING MUCH HAVOC OVER COUNTY

Plate Glass Front of R. S. Braniger Store Blown in—Temperature 10 Degrees Above.

The cold wave predicted for last night brought a temperature of 10 above this morning and a heavy gale from the Northwest blowing about 40 miles per hour. The strong winds have done considerable damage in places over the country, breaking trees and crippling the telephone service in many sections.

At the R. S. Braniger store on the corner of East Third and Market streets, the large plate glass windows were blown in.

A quarter inch rainfall yesterday preceded the drop in temperature. This was welcome to the farmers, as February has been an exceedingly dry month, the total rainfall for the month being .86.

ATKINSON OUT FOR GOVERNOR.

There Now Are Four Democrats Seeking the Nomination.

St. Louis, March 4.—John M. Atkinson, ex-chairman of the Missouri public service commission, and assistant attorney general of Missouri, yesterday announced his candidacy for the Democratic nomination for governor. He is the fourth Democrat to announce for the nomination, the others being George Moore, internal revenue collector; Wallace Crossley, lieutenant governor, and Frank H. Farris, state representative of Rolla.

In a statement of principles, issued simultaneously with his announcement yesterday, Mr. Atkinson declares he favors:

A commission on industrial relations, "with broad powers to arbitrate and mediate disputes between capital and labor."

Legislation to permit city ownership of rapid transit lines and all other public utilities.

Laws guaranteeing honesty in all elections.

One commissioner police plan to bring more efficient police protection and to "place responsibility for the administration of police affairs."

Executive budget and a new constitution.

Increased pay for teachers.

New taxation system, eliminating possibility of "double taxation."

A greater road building campaign.

Creation of a state agricultural commissioner.

Minimum wage and 8-hour day.

Reformation of courts, with creation of a court of domestic relations.

Laws dealing severely with profiteers.

Enforcement of national prohibition.

The short ballot and strict economy in state affairs.

Mr. Atkinson also urges immediate ratification of the peace treaty with reservations such as "will not destroy any of the purposes of the League of Nations. He asserts he is an ardent supporter of President Wilson.

NEW HAMPTONS WIN BY SCORE 24-20

HIGH SCHOOL QUINTET LOSES HARD FOUGHT GAME

NEXT WITH BENTON FIVE

Efforts Being Made to Run a Special Train From St. Joseph for Game March 12.

The New Hampton High School team took home the bacon last night in a basketball game with the Maryville High School team played on the S. T. C. Teachers College court here.

The score was 24 to 20 and the game was so closely scored and hard played as any game of the season. The New Hamptons were a good bunch of players, but were well matched in every point by the home quintet. The score at the end of the first half was 13 to 15 for Maryville, but the outsiders walked away with the big end of the second half score. Bill Richards, captain of the "Bear Cats," was referee.

The next game of the schedule will be Friday night of next week with the Benton High School team of St. Joseph, played at St. Joseph.

An effort is being made to have a special train for the Maryville crowd on that night. The plan will be to secure enough signers to enable a special train to be run from St. Joseph to Maryville after the game. Extra coaches will be added to the Burlington leaving here at 4:45 o'clock in the afternoon, and the return train will probably leave St. Joseph at 10 o'clock.

Tonight the State Teachers College will play the Kirksville Teachers team on the college court. This is the ninth game of the college schedule. The college "Bear Cats" will also play a second game tomorrow night with Kirksville, which is to be an outside game and not counted with the association schedule.

TO SUBMIT $75,000 SCHOOL BOND ISSUE

SCHOOL BOARD SO DECIDED AT A MEETING HELD LAST EVENING.

NEW BUILDING NEEDED

Board Feels as If the Proposition Should Be Voted on at Once Instead of Waiting.

A proposition to issue bonds for $75,000 for an addition to the Washington school building will be submitted to the voters of the school district at the school election to be held on Tuesday, April 6. Such was the decision of the school board at a meeting held last evening. The board felt that such an addition is badly needed that the proposition should be submitted at this coming election instead of waiting.

In addition to the bond issue, there will also be the regular levy to be voted on. This levy is 60 cents on the $100 valuation in addition to the 40 cents provided by law. This makes a levy of $1, or the same as it always has been. In addition to this regular levy, there will be a special levy of 25 cents submitted for repairs and school furnishings. Such a levy will provide a fund for the repairs and upkeep of the school buildings and will relieve the incidentials and teachers fund of a sufficient amount so as more money can be paid to teachers. This levy of 25 cents was voted last year for the new Douglas school building. There will also be a levy of 15 cents on the present bond issue of the school district, 5 cents for interest and 10 cents for bond sinking fund. The present bonded indebtedness is $7,000 with seven more years to run. The total levy to be voted on is $1.40 which requires only a majority vote.

The bond issue of $75,000 will require a two-thirds majority. As is well known the high school is so badly congested on account of lack of room that two classes are meeting in the basement of the school building. The plan as proposed is to provide for six additional class rooms and a gymnasium in the new building. The board feels as if $75,000 will build such a building as needed.

As there is no city election this year, the board will select one polling place, centrally located, for the day.

OXFORD CLUB PLAY TO BE GIVEN ON MARCH 16

Everything ready for presentation when sickness of some of the characters cast prevented.

The Oxford club is composed of a number of boys and youths of the First Methodist church and the proceeds are to be used for the purchase of literature and the up-keep of the club.

FARM TEACHERS TALK PRICE OF LAND.

Columbia, Mo.—That the average farmer should use his income to improve his living conditions instead of immediately reinvesting it in land, thereby helping to increase the price of land, was the unanimous opinion of a conference of agricultural extension workers of the Middle West, held recently at Des Moines, Iowa, at which the University of Missouri was represented.

Those in attendance agreed that there is danger that the bidding up of land prices may result in over-capitalization, so that when prices do return to normal the farmer may not be able to realize a fair interest on his investment. This situation may have a very positive influence in determining the policies of the extension service work.

The acting president of the Iowa Farm Bureau Association told the conference that it is hopeless to expect any sympathy from the farmer, with his "sixteen-hour" day, for labor unionism, with its eight-hour day. He ridiculed the idea that genuine co-operation between organized farmers and organized labor could be secured.

FAMOUS FRENCH SCULPTOR TO VISIT THIS COUNTRY.

New York.—Monsieur Raphael Peyre, the distinguished French sculptor, whose latest production, "Crusading for Right," has been purchased by the officers and men of the United States Marine Corps, arrived here with his wife on the S. S. Tourraine on March 2.

Early last year this famous Paris sculptor announced his intention to fashion from bronze a representative figue of the American crusader of the 20th century. He chose a marine wearing a trench helmet, displaying the globe, eagle and anchor. This insignia makes the statue typically "Marine" and influenced the personnel of the marine corps to purchase it, by voluntary contributions, at a cost of $11,000.

Arrangements are being made to move the statue from Paris to this country. It will probably be placed in the Corcoran Art Gallery in Washington temporarily, until arrangements can be made for its permanent installation in a public square in that city.

SCHOOL EXECUTIVES SEEK WAGE REMEDY

STATE LOSING MAJORITY OF THE BEST TEACHERS.

SHORTAGE IS SERIOUS

Appeal to Equalization Board as Means for Bringing Salaries to Right Level.

Jefferson City, Mo., March 3.—School executives, seeing an educational crisis in the low salaries offered teachers in country and city schools, are seeking a solution of the menace.

Two remedies are being considered. One will afford immediate relief; the other is a cure for all school ills. It will be an amendment to the state's constitution providing for an increased levy for school purposes.

The teacher shortage in the state is so grave at present that immediate relief is felt to be urgently needed. The temporary relief, it is planned, will come through the state board of equalization, which will be asked to make an evaluation of property as will give the schools of the state the maximum income to operate on until permanent relief measures can be provided.

If the state equalization board performs its work in the manner directed by a group of 2,000 farmers, who, in a convention at Columbia recently, adopted a resolution approving the teachers' protest against low salaries, funds sufficient to meet higher living costs will be in the hands of school boards for the next school year.

An appeal to the equalization board is the only means at hand at the present time for bringing salaries into even a neck and shoulder race with the cost of living. The adoption of the expedient, it is felt, would not be opposed by anyone in the state who had the interest of the schools at heart, in view of the widespread knowledge that the state is at present 5,000 teachers short of a normal, competent staff, and the low wages paid now is expected to make greater inroads before next fall unless the emergency remedy is applied. Then when the case can be stated to the state's legislative body, a permanent cure will be sought.

The National Educational Association has recommended a minimum of $1,000 per year for any teacher who is a normal school graduate or its equivalent. The association has also recommended that large cities should pay $200 or more in excess of this minimum owing to the increase of the cost of living in the large cities.

The majority of the rural teachers in Missouri receive less than $500 per year. The majority of the elementary teachers in the grades receive less than $600 a year.

A high spot in Missouri is St. Louis county. In this county, University City has a minimum salary of $1,125 for its grade teachers and a maximum of $1,400. In the same county, Clayton has a minimum of $1,100 for its grade teachers. Five other cities, Maplewood, Ferguson, Wellston, Webster Groves and Kirkwood, all have a minimum salary of $1,000. This makes a total of seven cities in Missouri with a minimum salary of $1,000 or more.

The best teachers in the state are necessarily drifting to the city that will pay good salaries.

The Wage Earner's Income Tax.

The man or woman who works for a salary or wage is subject to income tax, if the total earnings received in 1919 reached a certain figure. If single, widowed, or living apart from wife (or husband) a return is required if the net income was $1,000 or more. If married and living with wife (or husband) on December 31, 1919, a return is required in any case where the joint net income of husband and wife, plus the earnings of minor dependent children, if any, was $2,000 or more.

The actual compensation must be ascertained, and must include overtime, bonuses, shares in the profits of a business, value of quarters and board if furnished by the employer, and any other items which are compensations for services.

An unmarried person's exemption is $1,000; a married couple's exemption is $2,000; the head of a family, though unmarried, may claim $2,000; and there is further exemption of $200 for each dependent under 18 years of age or who is incapacitated.

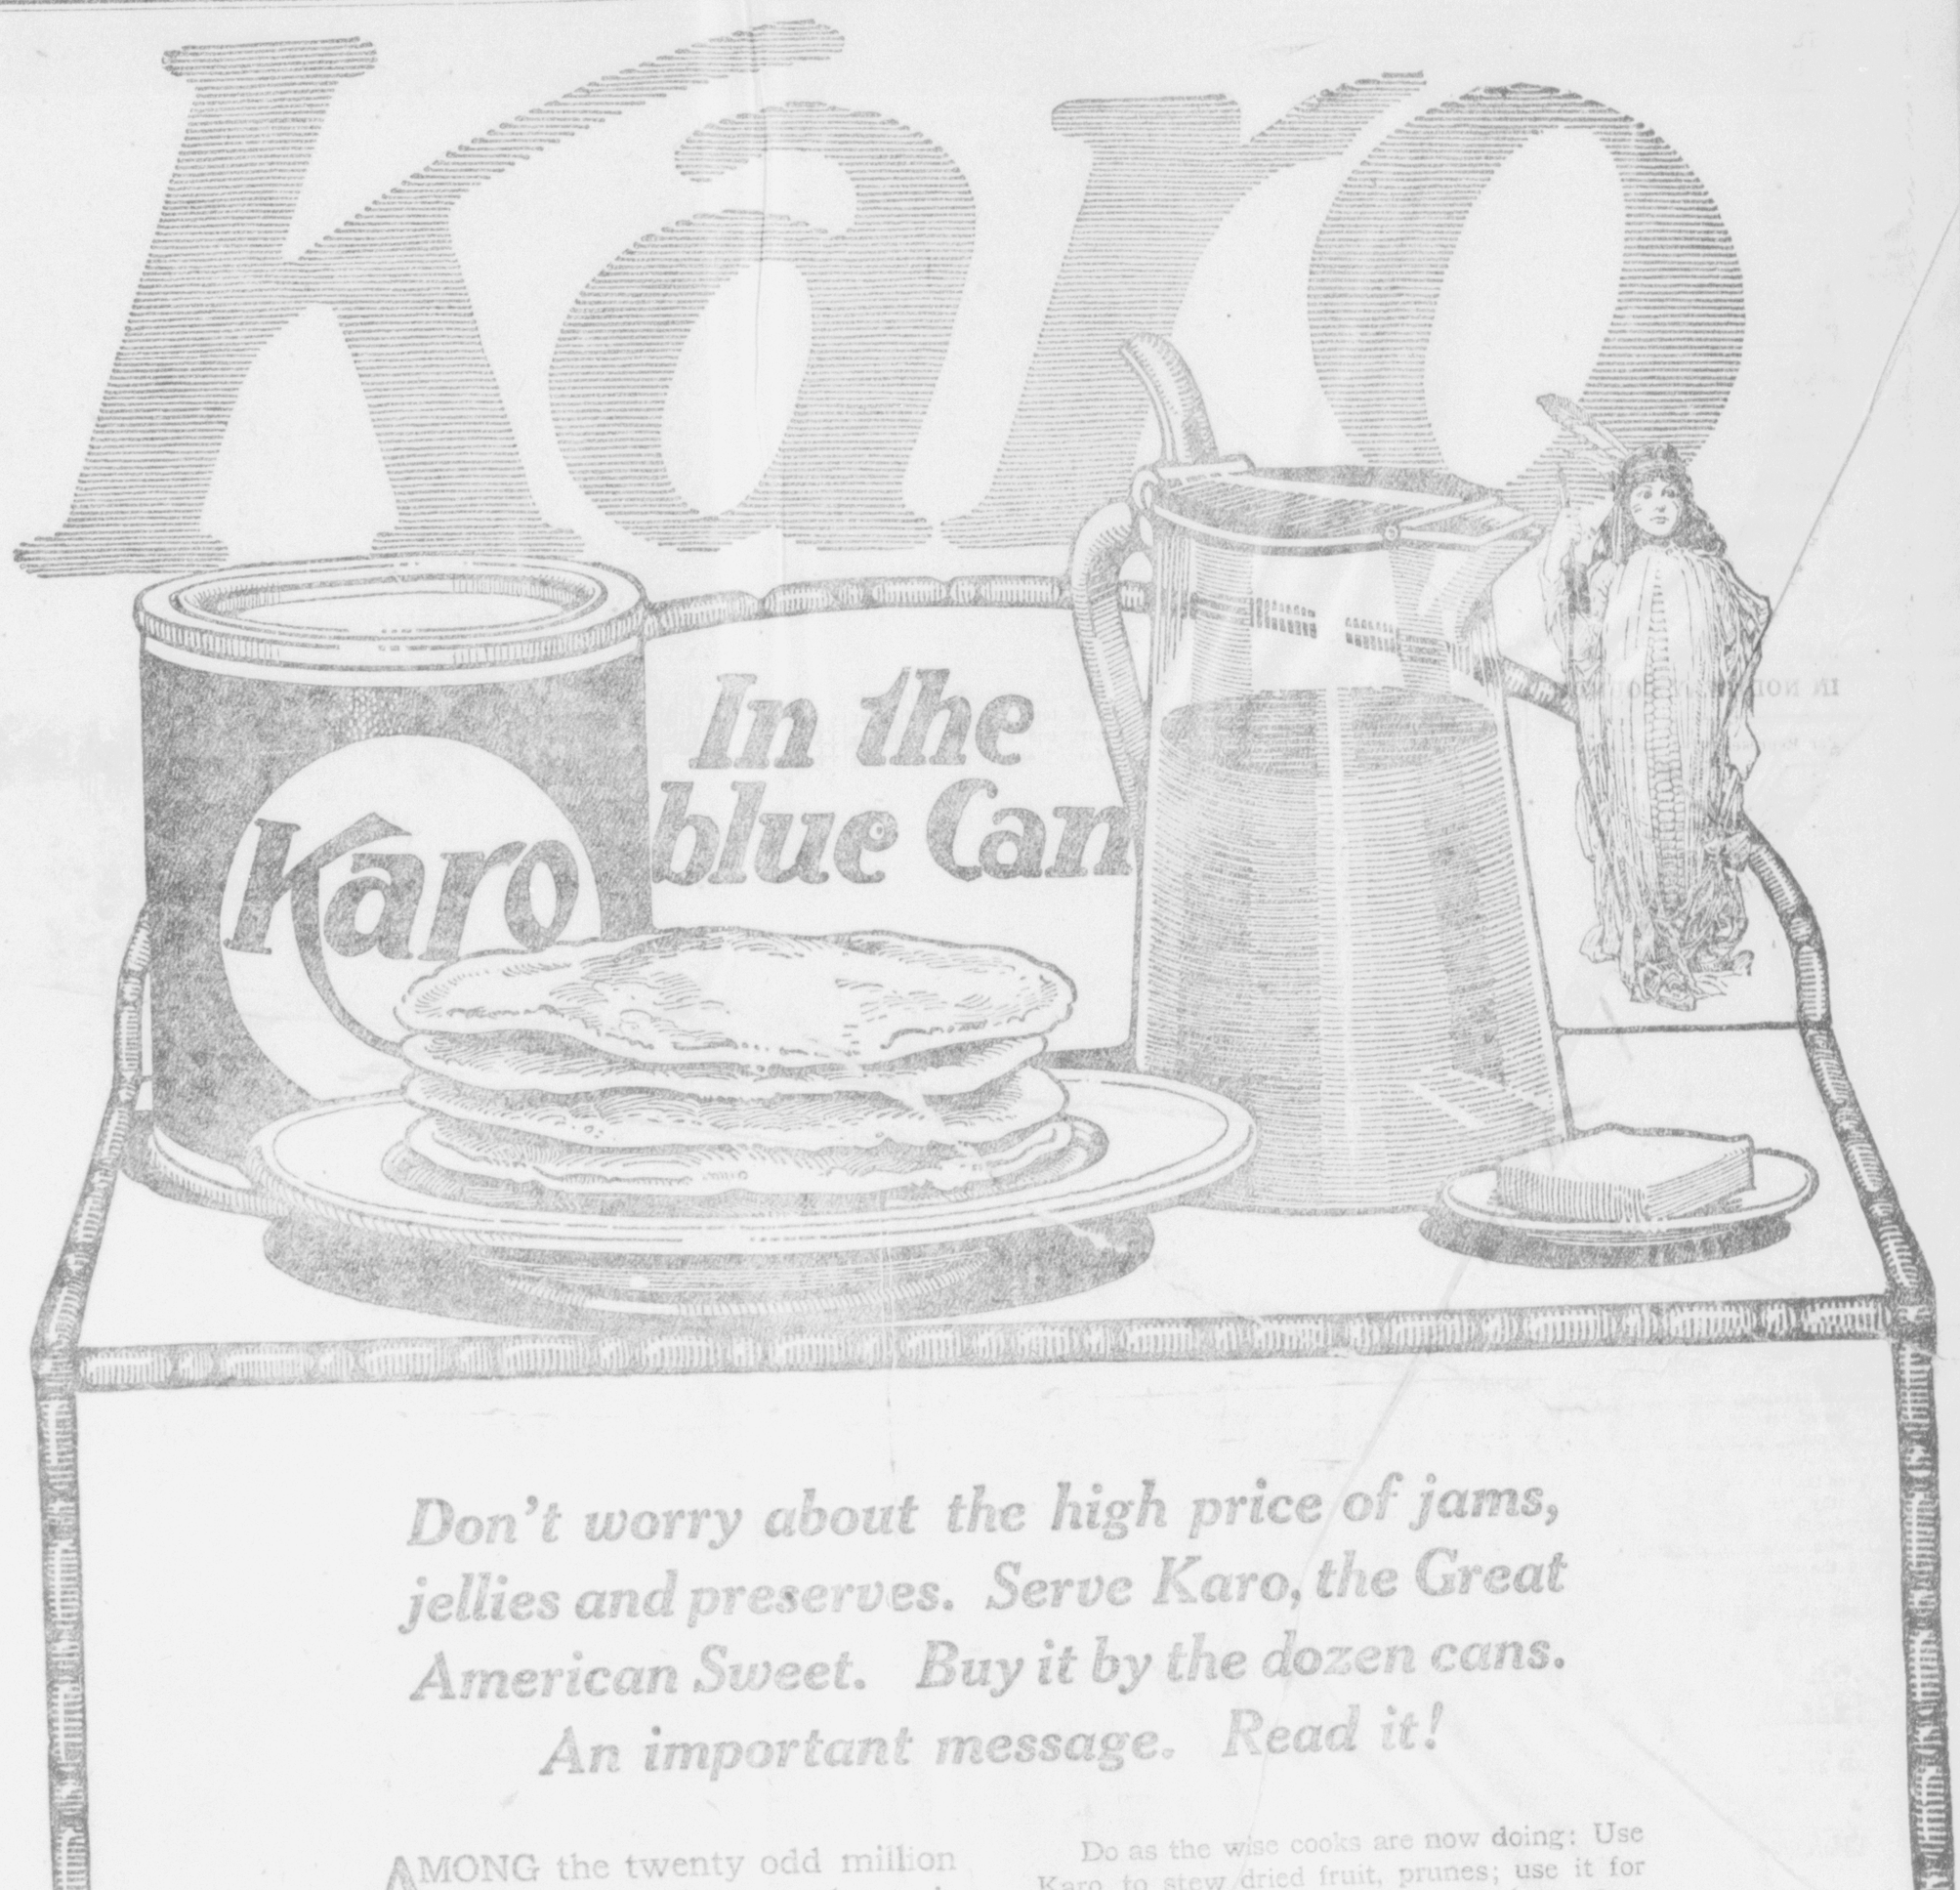
Returns and payments must reach the collector of internal revenue by March 15, 1920.

Chokes on False Teeth

Baltimore, March 3.—Gasping for breath during an attack of acute indigestion, Mrs. Sarah E. Black, fifty-seven years old, swallowed her false teeth and choked to death. Neighbors who were at her bedside thought she was not seriously ill and were not aware the teeth were strangling her.

Mrs. Black is survived by her husband, John D. Black, and two sons. She was the first State officer of the Daughters of America in Maryland, and had been a member of that organization twenty five years.

Mrs. Allan MacKenzie, well known woman in English society, has a Christian name without a duplicate in the world. The name, Louvina, is compounded of the Christian names of Queen Alexandra's daughters—the princess royal, Princess Louise, Princess Victoria and Princess Maud, now the queen of Norway.



Don't worry about the high price of jams, jellies and preserves. Serve Karo, the Great American Sweet. Buy it by the dozen cans. An important message. Read it!

AMONG the twenty odd million American Homes there is probably not a single one where Karo is not served in some manner—for breakfast, for dinner or for supper.

During these days of high prices, Karo has become another word for economy. Thousands of thoughtful housewives have learned that *Blue Label* Karo is not only a delicious spread for pancakes, but answers every purpose where a sweet is needed.

Instead of paying the present high prices for jams, jellies and preserves—serve *Blue Label* Karo on sliced bread, toast, pancakes or waffles.

Do as the wise cooks are now doing: Use Karo to stew dried fruit, prunes; use it for candied sweet potatoes, brown bread, muffins, coffee cake and puddings.

Karo Home-made Candy is the best for children. It is wholesome, easy to make, costs much less than store candy.

Mothers give children *Blue Label* Karo and sliced bread because it satisfies Nature's craving for sweets and takes the place of candy.

IMPORTANT

There never was such a demand for Blue Label Karo as today. Housewives everywhere are buying it *by the dozen cans.* Ask your grocer the price per dozen. For economy's sake buy it this way.

PIG CLUB BOY MAKES $570 IN ONE YEAR ON ONE HOG

Howard K. Harris of Lee's Summit Makes Big Profit in Dollars as Well as Knowledge.

A profit of $570.61 on one hog is what Howard K. Harris, Lee's Summit, Mo., made last year by enrolling in a pig club fostered by the extension service of the University of Missouri College of Agriculture. That was his profit in dollars. His profit in knowledge, which came through doing, would be hard to calculate. What Howard Harris did can be approximated by every farm boy in Missouri. The story he tells of his pig sows how simple it is to conform to the requirements of the club work, and what rewards might be gained. His story follows:

"I became interested in the pig club because it appealed to me in many respects; the breed was my choice, the blood was of the best, making a good foundation from both an educational and financial standpoint.

"We went to Longview Farm on June 12. I got the pig on my personal note for $25, without interest. I agreed to feed her on a balanced ration and was to keep account of what it cost. In November I was to weigh her and if she had made a good gain I was to have a chance to make something. I have always been quite partial to the red hogs because we have raised them on the farm at home.

"Green pastures are good in pig raising. They make a more nearly balanced ration and eliminate much expensive feed. My pig never drank very much water. I weighed my pig on ordinary platform scales in a crate, then let her out and weighed the crate.

"I fed her milk and grain twice a day in a trough by herself, measuring the feed each time so as to give her a regular ration. The feed consisted of different things, corn, oats, wheat, rolled oats, shorts and kitchen waste. I averaged about twenty minutes each day with my pig, in feeding and caring for her. She became a pet and handled nicely. P. L. Wright (state club leader) Mr. Rusk of the university, and E. A. Ikenberry, the county agent, visited me and talked over the club work.

"Well bred hogs are better than scrubs because they are larger and better in every respect, just as easy to keep, and are worth more money. I will join the pig club again next year because I have learned much about handling and caring for pigs, and like the work. A boy who will stick to business and watch for his opportunity and will keep a good record is a good kind of a boy for pig club work.

"I showed my pig at the Missouri State Fair and was successful in winning first as a Duroc and grand champion over all breeds, and this work has been a great pleasure to me. While at the fair, I learned a great deal about judging as well as taking care of hogs.

"My pig was nine months old the day the contest closed on November 8. She measured 31 inches high, 52 inches around the heart, 53 inches around the flank. She was 66 inches from end of nose to root of tail, 7½ inches around fore leg and 7⅝ inches around hind leg, weighed 305 pounds and sold for $625.7'."

GIRLS! DRAW A MOIST CLOTH THROUCH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a toilet-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

Seed Oats Warning.

Jefferson City.—In response to many inquiries, and to correct an erroneous impression abroad over the state, Secretary Jewell Mayes of the Missouri State Board of Agriculture, an executive officer of the new seed law, announces that "seed oats" (oats sold for seeding purposes) must carry the label required by the new law, showing germination and when tested, percentage of purity, and noxious weed seeds if any in excess of one to each hundred grams of oats. Oats sold for feeding purposes are not required to carry a label. The farmer or dealer may do his own testing, or upon sending one pound of seed oats to the "Seed Testing Laboratory, Columbia, Mo.," a complete analysis will be made free of fees. Seed oats, when sold by the grower of his own premises, the growth not having advertised same for sale, and not delivering same by common carrier, does not require a seed law label.

Because Adler-i-ka acts on BOTH upper and lower bowel it often cures constipation and prevents appendicitis. One lady reports herself CURED of a bad case of bowel trouble and constipation.

They're Here—Those New
CHALMERS

IT'S the very car that delighted New York Automobile Show crowds—with a higher radiator and lower body lines.

The windshield is low and the top is low, and you get snugly in those tilted seat cushions with a comfort difficult to express.

Like the proportions of a fine room the lines of this new Chalmers have a certain evenness, certain engaging dimensions and proportions that alone tempt you to reach for your check book.

But only in the body and bonnet and such things is this a new Chalmers. The chassis is unchanged—well nigh faultless.

Hot Spot and Ram's-dium continue to supply the remedy for the prevailing inferior qualities of the day.

This is one car in which you have most anything you could wish for—rare ability and richness of line and detail.

The first of these new Chalmers are here; see them without delay.

Inasmuch as the demand outstrips the supply.

BRACE UP!

Don you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Maryville experiences. Maryville people recommend Doan's Kidney Pills. Here's a Maryville resident's statement.

Mrs. Mary Larrabee, 1307 E. Third St., says: "For some I suffered from kidney trouble. I had sharp, shooting pains through my hips and back, accompanied by frequent dizzy spells. A pain across my loins clung to me. After using a few boxes of Doan's Kidney Pills, I received great relief and my health improved."

OVER THREE YEARS LATER Mrs. Larrabee added: "Doan's Kidney Pills have done me more good than any medicine I have ever used. They have always proven effective when it has been necessary for me to use them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Larrabee had. Foster-Milburn Co., Props., Buffalo, N. Y. ADV.

Chicago, March 4.—On the outcome of the meeting held here today rests the decision whether 400,000 workers will go on a strike and seriously interfere with the operation of every railroad in the country. Defying grand lodge officers, 600 representatives of the United Brotherhood of Maintenance and Way and Shop Laborers met to consider whether to override the chiefs in forcing their demands, regardless of the promise of union heads to the president no strike will occur.

John Dinsmore Improving.

Concerning John Dinsmore, who is well known in Hopkins and vicinity, the following is taken from the St. Joseph Stock Yards Daily Journal:

If he hasn't a strained right forearm and sore hand from greeting his host of friends today about the Exchange building and yards, where for a number of years he was a stock dealer until stricken with paralysis while in the discharge of his duties, it [illegible] paralysis three months ago. It did not become John Dinsmore to do his part in grasping the many hands extended to him in receive greetings from all sides. Part of the matter is John was kept busy at times with both hands, and that perhaps explains the reason of his right "quit" being none the worse for the hearty reception accorded him here today, especially this morning when he first "blew in." From here in Nodaway county, at his old home, Parcell, where he has been resting and recuperating following his stroke. His many friends here complimented him on coming out of the ordeal looking as good. Prior to engaging in business on the St. Joseph market, Mr. Dinsmore was for many years in the farming and stock handling game in northwest Missouri, where he had his family of grown children are well and favorably known.

Standard time was adopted by the United States in 1883 on the initiative of the American Railway Association.
